

CareWorks provides high-quality workers' compensation medical management for CORA members.

Achieving safe, healthy and timely return to work

With more than 175,000 employer customers, CareWorks is helping one of every three injured Ohioans get the treatment and assistance they need to recover from workplace injuries and safely restore a healthy, productive lifestyle. Successful return to work can help employers avoid the negative impact of lost time, maintain productivity, and control future BWC premiums.

CORA members enrolled with CareWorks can be confident their injured employee claims are handled with care by experienced staff, including professional registered nurses who provide early intervention and proactive medical case management.

For Central Ohio Restaurant Association members that means:

- Consistent focus on achieving safe, healthy and timely return to work for workplace injury claims.
- Written notice of all new claim filings including BWC claim number.
- Timely and accurate medical bill payment.
- Statewide Medical Mutual provider network offering medical discounts.
- Dedicated medical management teams delivering personalized service.
- Customized injury reporting packets, personalized I.D. cards, and other unique training and educational materials.
- An individually-assigned account executive to deliver on-site consultation and analysis.
